YOUR PRESIDENT SPEAKS

Friends and students of Pell City High, as president of the Student Council, I think we have had a most successful school year--a year that has meant much to everyone of us. Every student has had a place to fill in this past year's school program. In this program, co-operation was the main item.

Although we have had our hard spots, we have also had many wonderful occasions during the year. Our teachers have been helpful, but we have had to be the ones to determine just how happy these occasions have been.

Whatever help I may have been to any of my fellow comrades has been an opportunity, a duty, and an extreme joy; because I knew I was going to need your help in making this a happy and successful year.

The presidents who have gone before did a wonderful job. They were my inspiration. Because you joined in and we worked together, we have made this a prosperous year at Pell City High School.

ALMA MATER

On the City's western border,
Straight, against the sky,
Proudly stands our Alma Mater
As the years go by.
Forward, ever, be our watchword
Conquer and prevail!
Hail to thee, our Alma Mater!
P. C. H. All hail!"

Have you studied carefully
The words of our Alma Mater? Do
you now what they mean?

If not, our School Song
Means very much to you, for
The melody alone, though beautiful,
Does not have sufficient significance
To arouse the feeling of
"Oneness" between you and your school.
Ask yourself these questions.

1. Where is Pell High?
2. How does she stand?
3. When may you find her?
4. What is our watchword?
5. What are we commanded to do?
6. To what school shall we go?

Philosophy Of Pell City High School

The American school is the laboratory
in which all youth will have
an opportunity for optimum growth

to have a democracy. It should be
for citizens who are capable of
intelligent judgement
and decisions concerning our democracy
of life.
