It's Time

To Get

Spirit!

1967 PELMEL
Pell City High School
Pell City, Alabama

*To Everything
There Is
A Time!!*

TIME

Take time to PRAY . . . It helps to bring God near and washes the dust of earth from your eyes.

Take time for FRIENDS . . . It is the source of happiness.

Take time for WORK . . . It is the price of success.

Take time to THINK . . . It is the source of power.

Take time to READ . . . It is the foundation of knowledge.

Take time to LAUGH . . . It is the singing that helps with life's loads.

Take time to LOVE and BE LOVED . . . It is a God-given privilege.

Take time to DREAM . . . It hitches the soul to the stars.

Take time to PLAY . . . It is the secret of youth.

Take time to GIVE . . . It is too short a day to be selfish.

Take time to WORSHIP . . . It is the highway to reverence.

TAKE TIME TO DREAM!

DREAMS AND DEEDS

John Hunter

Dear Master, in whose life I see
 All that I long and fail to be;
 Let thy clear light for ever shine.
 To shame and guide this life of mine.

Though what I dream and what I do
 In my poor days are always two,
 Help me, oppressed by things undone,
 O thou, whose dreams and deeds were one.

TAKE TIME TO GIVE!

Not what we give, but what we share, --
 For the gift without the giver is bare;
 Who gives himself with his alms feeds three, --
 Himself, his hungering neighbor, and Me.

-- James Russell Lowell

TAKE TIME TO READ!

". . . Reading maketh a full man; . . . Some books
 are to be tasted, others to be swallowed, and some
 few to be chewed and digested. . ."

--Francis Bacon

Dear Mrs. Harris:

You have looked into our futures and helped prepare us for the world. Through soft-spoken words of advice, you have truly taught the meaning of "Hitch your wagon to a star." You have helped us up the hill when we were sliding down, and, yet, you have expected nothing in return. Almost everyone knows the pleasure of receiving your kind look and warm greeting. These gestures you've made at so little expense have brought us great dividends.

George Eliot's words in "Making Life Seem Worth While" beautifully express our thoughts:

"Every soul that touches yours--
Be it the slightest contact--
Gets therein some good;
Some little grace; one kindly thought;
One aspiration yet unfelt;
One bit of courage
For the darkening sky;
One gleam of faith
To brave the thickening ills of life;
One glimpse of brighter skies--
To make this life worth while
And heaven a surer heritage."

From you we've learned it is better to light one candle than to curse the darkness. So, as a token of our appreciation, we dedicate this edition of the PELMEL to you, Mrs. Annie W. Harris.

With love and respect,

Class of '67

Dear Fellow Classmates,

Through the cooperation and willingness to work of each student, this year has been a most successful and enjoyable time. We have all become better prepared for the problems and decisions which will face us in the future.

To serve as your Student Council president has been a great honor, and privilege for me, and I hope that I have been of service to each student as well as to the school.

Thank you for this opportunity,

Olen Cooper

Dear Students:

The cry is for equality--we each have the same amount of time in each hour, each day, and in each week. We concede that all do not have the same number of days.

We at Pell City High School are concerned with the way you have used your time thus far. Take stock--if you would! Have you used your time to the fullest of your capacities? Or have you been wasteful and procrastinated when you had opportunities to excel?

We challenge all of you from this minute forward to live each minute of your time to its fullest. We challenge you to use your time wisely. Take time to read; continue your growth academically; and take time to give your soul the spiritual food that it needs.

Yours truly,

Roy E. Mann

TAKE TIME TO WORK!

THREE THINGS ARE NEEDED

In order that people may be happy in their work, these three things are needed: they must be fit for it; they must not do too much of it; and they must have a sense of success in it--not a doubtful sense, such as needs some testimony of other people for its confirmation, but a sure sense, or rather knowledge, that so much work has been done well, and fruitfully done, whatever the world may say or think about it.

--John Ruskin

TAKE TIME TO BE FRIENDS!

The first general rule for friendship is to BE a friend, to be open, natural, interested; the second rule is to take time for friendship. Friendship, after all, is what life is finally about. Everything material and professional exists in the end for persons.

--Nels F. S. Ferre

TAKE TIME TO LAUGH!

A SMILE

A smile costs nothing but gives much... creates happiness... fosters good will... is the countersign of friendship... brings rest to the weary, cheer to the discouraged, sunshine to the sad... Yet it cannot be bought, begged, borrowed, or stolen, for it is something that is of no value to anyone until it is given away. Some people are too tired to smile (laugh). Give them one of yours, as no one needs a smile so much as he who has none to give.

RECIPE FOR EDUCATION

- | | |
|---|-------------------------|
| 1 Cup of Thinking | 2 Cups of Dreams |
| 2 to 4 Years of Youth | 3 1/2 Cups, Persistence |
| 3 Teaspoons of Ability | 1 Cup of Health |
| 1 Teaspoon of Borrowing | 1 Cup of Cooperation |
| 1 Cup of Good Books, Lectures, and Teachers | |
| 1 Cup of Plans made and followed through | |

Cream the Thinking and the Dreams. Add the Years and beat until creamy. Sift the Persistence and Ability together and add alternately with cooperation, to the first mixture.

Add Borrowing, Books, Lectures, Teachers, Plans, and Health. Fold in the Years of Youth; beat until stiff. Bake in any moderately good college or university.

Time in college: four or more years, depending on how you like your finished product.

Temperature: Plenty hot.

Servings will last for life.

A professor in Chicago is reported to have given the following test to his pupils. He told them they were not really educated unless they could answer Yes to all these questions:

Has your education given you sympathy with all good causes and made you espouse them?

Has it made you public-spirited?

Have you learned how to make friends and to keep them?

Do you know what it is to be a friend yourself?

Can you look an honest man or a pure woman in the eye?

Do you see anything to love in a little child?

Will a lonely dog follow you down the street?

Can you be high-minded and happy in the meaner drudgeries of life?

Do you think washing dishes and hoeing corn as compatible with high thinking as piano playing or golf?

Are you good for anything to yourself? Can you be happy alone?

Can you look out on the world and see anything but dollars and cents?

Can you look into a mud puddle by the wayside and see anything in the puddle but mud?

Can you look into the sky at night and see beyond the stars?

Can your soul claim relationship with the Creator?

If you can say, "Yes," then you are educated!

"To every thing there is a season, and a time to every purpose under the heaven:

A time to be born, and a time to die; a time to plant, and a time to pluck up that which is planted;

A time to kill, and a time to heal; a time to break down, and a time to build up;

A time to weep, and a time to laugh; a time to mourn, and a time to dance;

A time to cast away stones, and a time to gather stones together; a time to embrace, and a time to refrain from embracing;

A time to get, and a time to lose; a time to keep, and a time to cast away;

A time to rend, and a time to sew; a time to keep silence, and a time to speak;

A time to love, and a time to hate; a time of war, and a time of peace."

Each year the Senior Class has the responsibility for several worthwhile projects. The publication of the PELMEL is one of them, with all officers and aids, members of the Senior Class. The class also plans for and furnishes funds for the Valentine Ball, their various committees being responsible for the beautiful decorations.

At the time of going to press with the PELMEL, the Senior Class is endeavoring to secure funds to install the new Scoreboard in the newly-completed gymnasium. The physics class, composed of all seniors, is also in the process of purchasing a bronze seal to be imbedded in the cement walk in front of the school.

The Class of '67 is pleased to have a part in the growth and development of Pell City High School.

SOLITARY DREAMERS

The dreamers are the saviors of the world. As the visible world is sustained by the invisible, so men, through all their trials and sins and sordid vocations, are nourished by the beautiful visions of their solitary dreams. Humanity cannot forget its dreamers; it cannot let their ideals fade and die; it lives in them; it knows them as the realities which it shall one day see and know.

Pell City High School was represented at a meeting of the Alabama Textile Manufacturers Association in Montgomery by Marvin Graham and Jeanie Roe.

The Association was asking some 150 high school juniors from textile producing communities to consider careers in textiles.

Mr. Ed Spruiell, Mr. Wallace Patterson, and Mr. James Evans accompanied the pair.

Mrs. Harris gives personal attention.

Many students prepare happily for a future in the business office. Some, also, simply learn a new skill for personal satisfaction and personal use.

TAKE TIME TO READ!!

The world of books
Is the most remarkable creation of
man,
Nothing else he builds lasts,
Monuments fall, Nations perish,
Civilizations grow old and die out
And after an era of darkness
New races build others,
But in the world of books are volumes
That have seen this happen again and
again
And yet live on,
Still young,
Still as fresh as the day they were
written
Still telling men's hearts
Of the hearts of men centuries dead.

TAKE TIME TO DREAM

MEN OF VISION

He who cherishes a beautiful ideal in his heart, will one day realize it. Columbus cherished a vision of another world, and he discovered it; Copernicus fostered the vision of a multiplicity of worlds and a wider universe, and he revealed it; Buddha beheld the vision of a spiritual world of stainless beauty and perfect peace, and he entered into it. Cherish your visions; cherish your ideals; cherish the music that stirs in your heart, the beauty that forms in your mind, the loveliness that drapes your purest thoughts, for out of them will grow all delightful conditions, all heavenly environments; of these, if you will remain true to them, your world will at last be built.

NEW FRIENDS AND OLD FRIENDS

Make new friends, but keep the old;
Those are silver, these are gold.
New-made friendships, like new wine,
Age will mellow and refine.
Friendships that have stood the test--
Time and change--are surely best;
Brow may wrinkle, hair grow gray;
Friendship never knows decay.
For 'mid old friends, tried and true,
Once more we reach and youth renew,
But old friends, alas! may die;
New friends must their place supply;
Cherish friendships in your breast--
New is good, but old is best;
Make new friends, but keep the old;
Those are silver, these are gold.

Miss Photogenic
Pell City High School
Pell City, Alabama

Dear "Miss Photogenic:"

Although the choice was a difficult one to make we would like to take this opportunity to congratulate you on being the most photogenic girl in your class.

We are very please that Pell City High School asked us to make this choice and we want to wish your whole class the best of luck upon graduation.

Once again, our congratulations and appreciation for this opportunity.

Warmest wishes,

MARCH TOGETHER

In the Roman army of old the soldier carried a large oblong shield on his left arm. When a city was besieged the men in close rank locked their shields together over their heads and then marched in safety to the gate. So is it, in an organization where brotherhood prevails. We lock our shields over our heads as we march against the vicissitudes,

the trials and temptations of life, and not over our own heads alone, but others are sheltered beneath. A comrade falls, but our locked shields ward off hardship and penury from his widow and her little ones. A companion is prostrated with sickness, but he is cared for and the wants supplied.

Everyone looks forward to the days when the SPOTLIGHT is to "come off the press." The staff makes every effort to cover all the school activities and provide the students with a written record of memories to be treasured. They also give us sports coverage, keep up with who's going steady (or broke up), and always provide us with some jokes. If the students save their copies of the SPOTLIGHT, place them in the covers of this book, they will have a record of almost everything that happened during that school year. Pictures tell a story--but words tell a story also. Our hats off to those who "take time" to provide us with the numerous events that happen at Pell High.

NEW FRIENDS

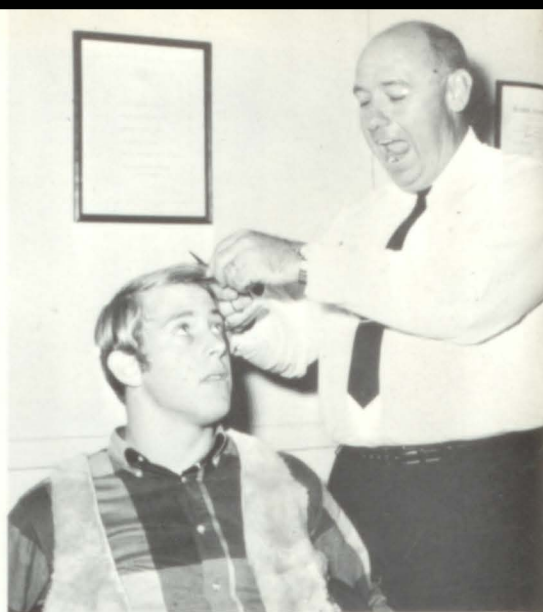

Constantly look for a new friend, a truly firstclass person, one who has the courage to criticize, to demand your best self, a person who has different interests and different beliefs from yours, a friend for whom you can render a constructive service. Devote energy toward making such friends. Retain them, never let them go, and continue making new friends until you die.

Democracy and economics are not hard subjects for Miss Alexander to teach for she lives her ideals and beliefs every day. She is constantly provoking her students to think - to reason - to be useful citizens of the U.S.A.

On Guard!

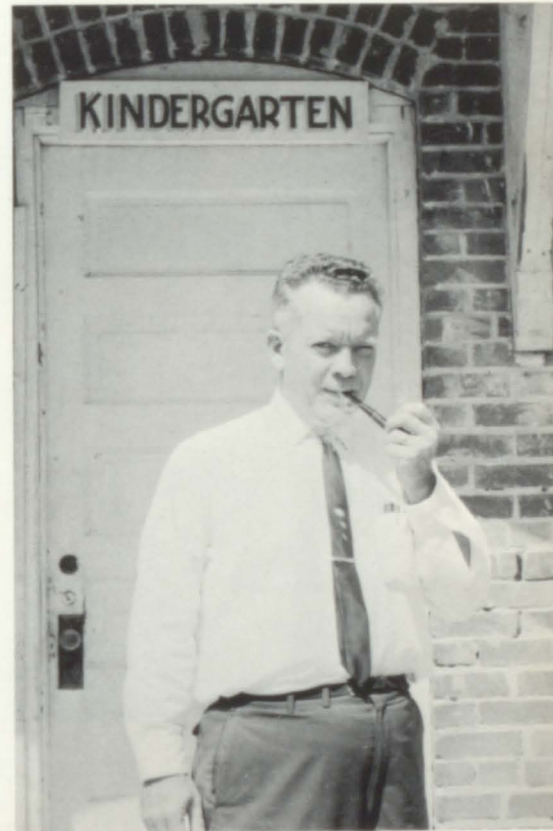

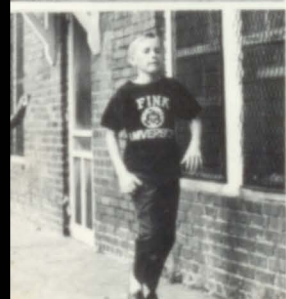

McClellan's did it!

Just trying to straighten ourselves up.

How far can I be demoted???

The New is the Thing at PCHS!

Miss Vickie Helms, Pell City High School's newest teacher, joined us only a few weeks before the new gymnasium and junior high building were completed.

Miss Helms, a graduate of the University of Alabama, holds the BA degree. She says her hobbies are golf and music and she likes her steak rare. She loves Pell City High School!

And the students love her! Students also like the "new look" about their gym!

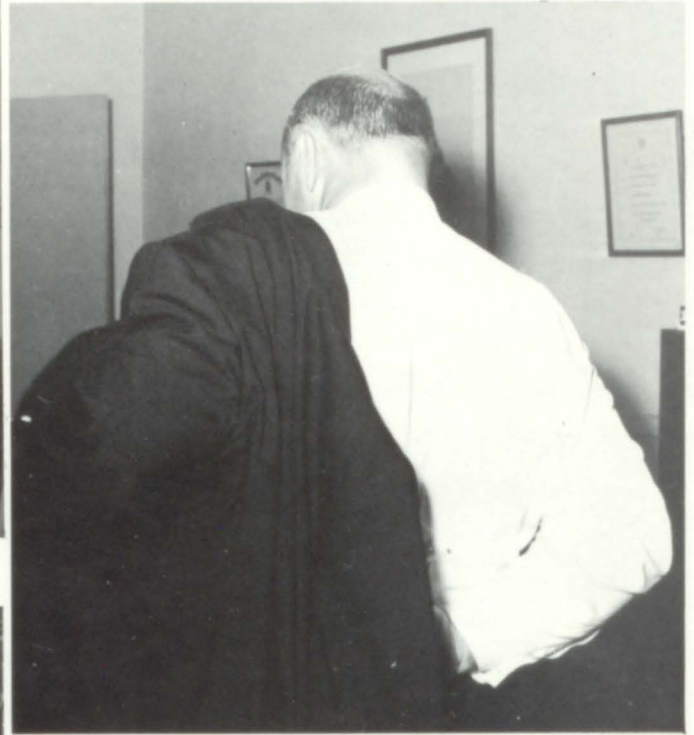

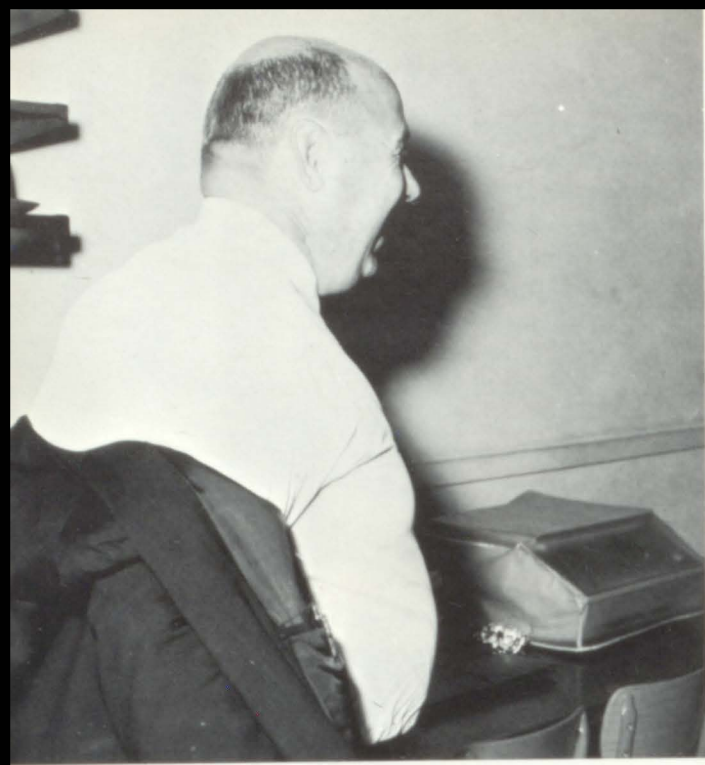

The job of school secretary is far from an easy task! Mrs. Roe takes calls, prepares transcripts, handles the correspondence, prepares the reports, collects money in the lunch-line, counts and banks the school money from all sources--just to name a few of her many duties, which, naturally includes just "putting up with countless interruptions" by students. Mrs. Roe, however, cheerfully performs each task and daily makes life a little easier for the principal, the faculty, and the students.

The "Mann" *Starts His Day*

Arriving early each morning, Mr. Mann settles down to make the day a more meaningful day than was the day before and the day before that. He not only signs excuses and makes announcements but prepares daily and studies many hours on ways to make PCHS a better school. He is constantly alert to the need for improvement and change and endeavors to keep Pell City High School among the schools accredited by Southern Association.

The reading lab is new on the Pell High campus. This lab is not just for students who have reading problems, but is for those students who wish to increase their reading rate for future study in college or other professions. Under the direction and tutelage of Mrs. Margaret Scott, aided by Mrs. Christine Smith (at left), the students quickly progress in reading skills and, therefore, improve in all other areas of school life.

$$\frac{\Delta y}{\Delta x} = 6x^2 + 6x\Delta x + 2\Delta x^2 - 2x - 3$$

Ahrr--right!

(And after all that board work, it's NOT ahrrr--rite!)

Throughout the pages of the PELMEL we have caricatured our faculty members with NO intent of offending anyone or in any way hurting anyone's feelings. We APPRECIATE our faculty and administration, and probably because we DO is the reason the things they say and the things they do are so much more closely observed. So we trust that each faculty member will not misconstrue our intent in posing him or her in caricature.
