# Homecoming Opens Year of Work and Fun!

Although homecoming is a day of hard work, early hours, and headaches from working on floats and cars, it is one of the biggest events of the year. The day ended with a football game against Childersburg, and with the crowning of a Homecoming Queen.

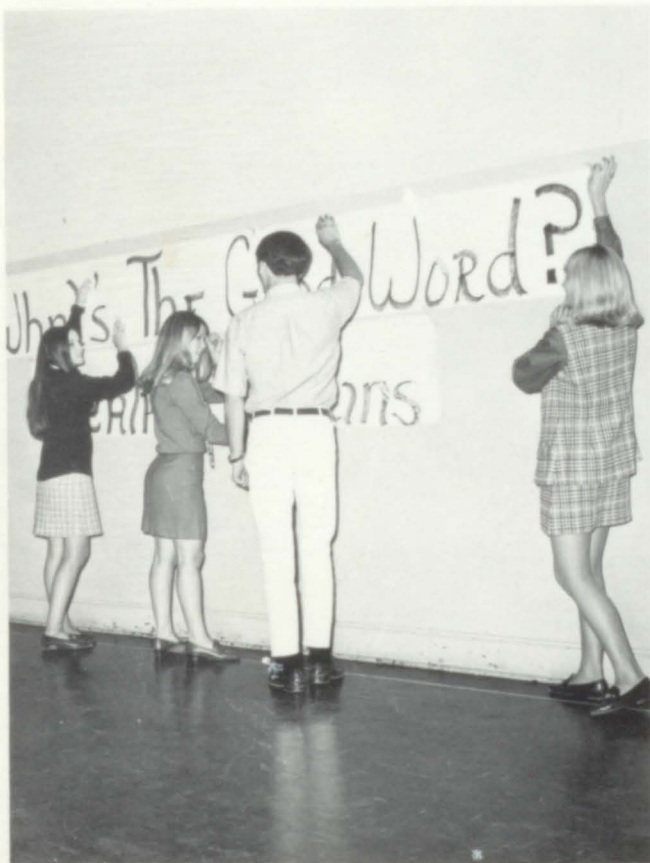

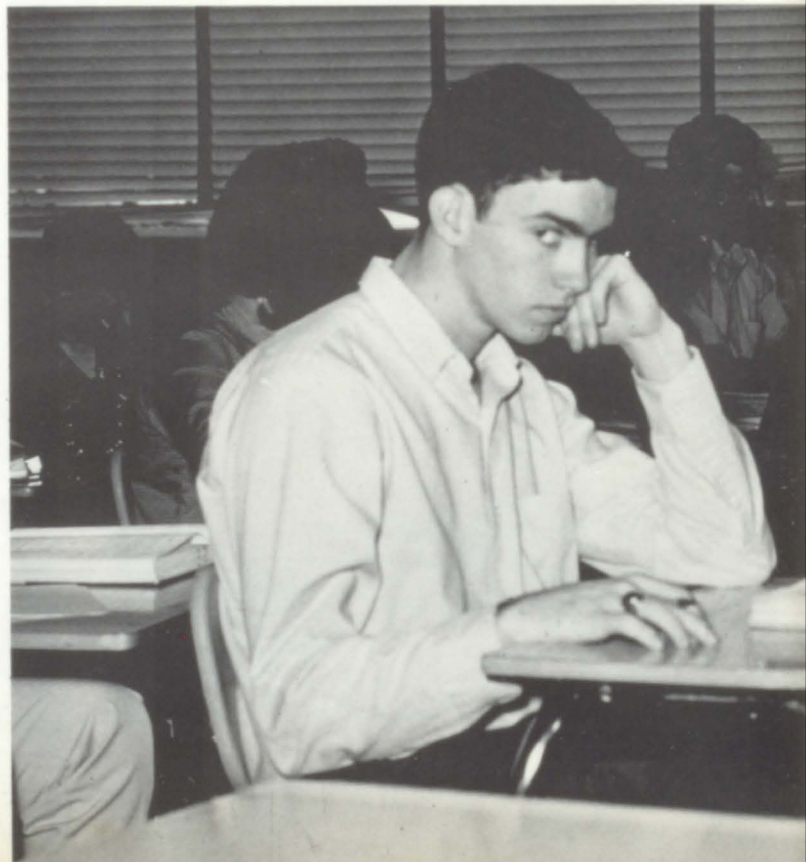

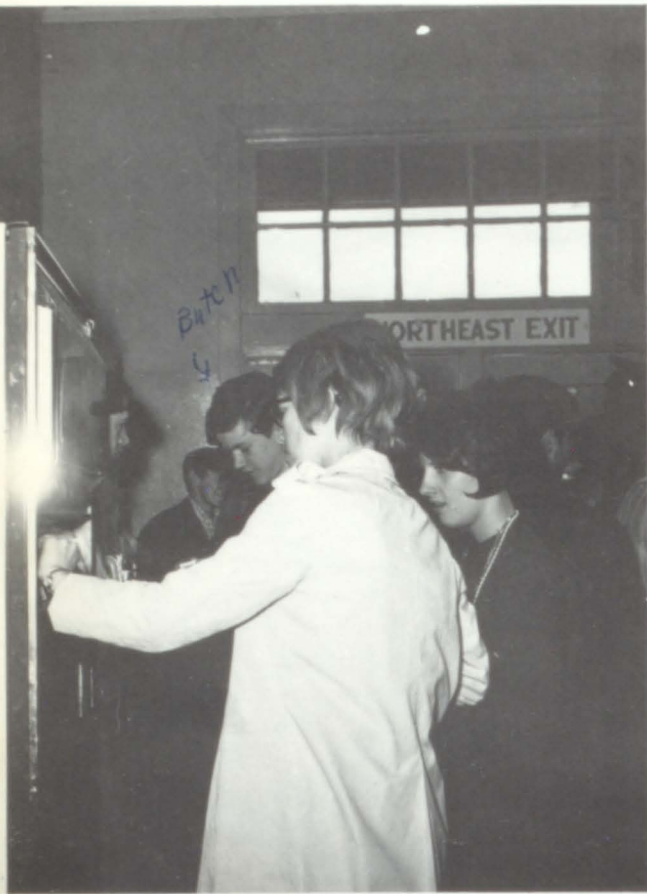

# Pigskin Season

School had hardly opened when the football season began. This year's season was one of victory, defeat, rain, freezing cold, and plenty of Panther spirit!

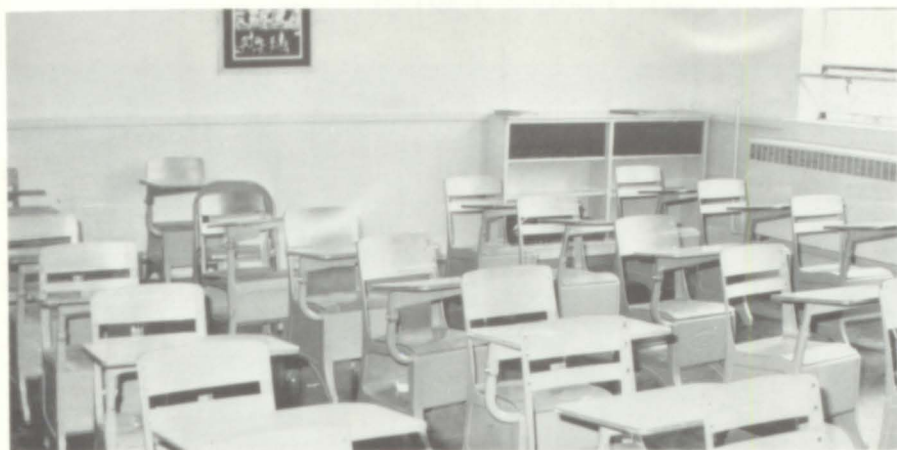

## Classes and Between Does Much for Students

A day at P. C. High is filled with a chaotic variety of activities. One moment classrooms are empty, the next moment they are filled with students. Then along comes ten-minute break filled with crowded halls, cokes, and popsicles. Finally, comes lunch-break where students can eat and chat.

# In the Hearts of P.C. Fans

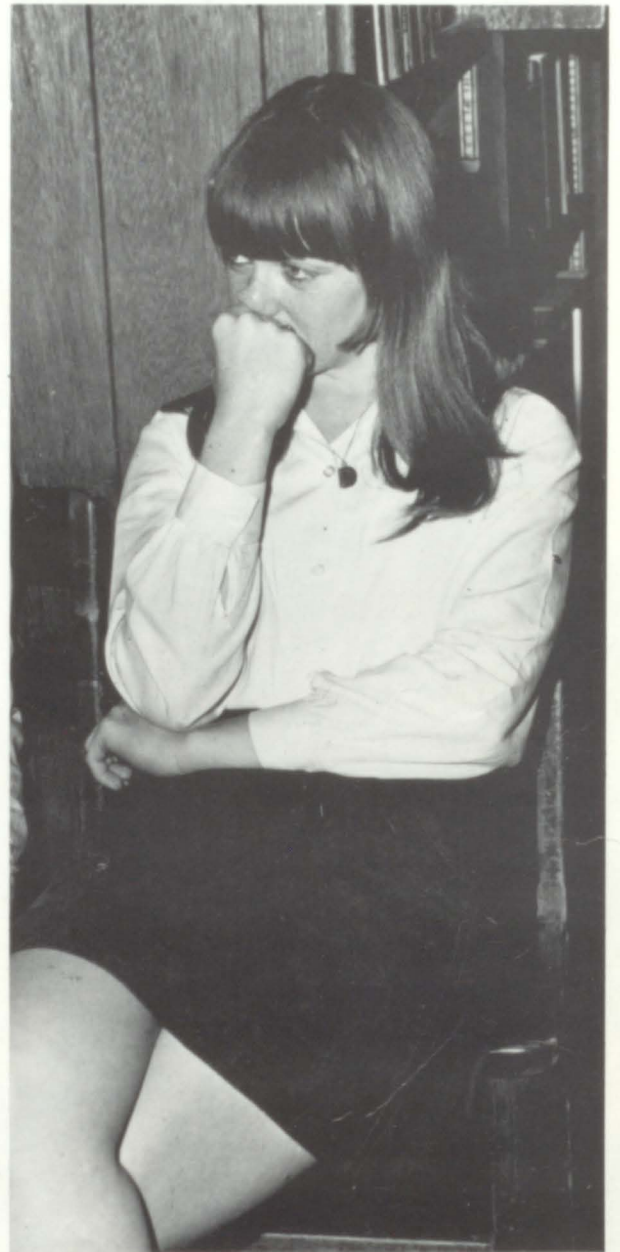

# Watson's Army Is No. "1"

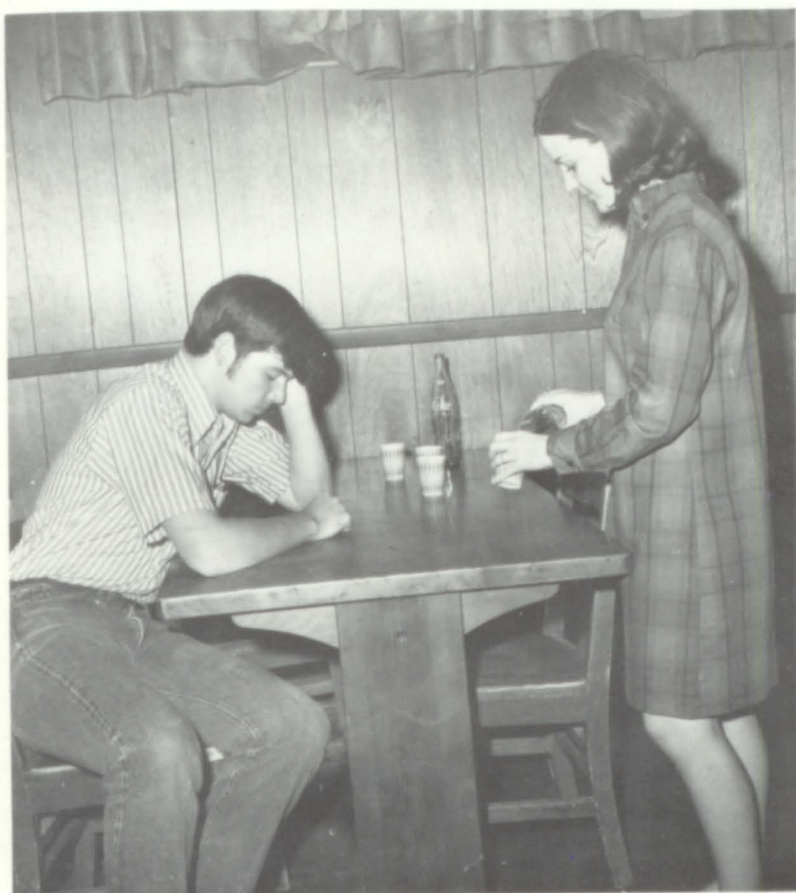

The basketball games of the past season were the most exciting ones that had been seen around PCHS in a long time! There were more crowds, more spirit, more tension, and more excitement than ever before. Cheers such as "We've got the fever, we're hot, we can't be stopped!" and "We're No. 1" were heard quite frequently as the tension and excitement mounted in each game. As "Watsons' Army" and "Richs' Raiders" marched forward, a new cheer evolved - "Fe, Fi, Fo, Fum, State Tournament, here we come!"

## Remember These Days?

In March, the Beta Club presented the Canterbury Trio in concert. With the coming April, PCHS observed National Secretaries Day, held a Blood Drive, and presented the Miss Pell High Pageant.

Although Hard on the Pocketbook . . .  
The Results Were Exciting

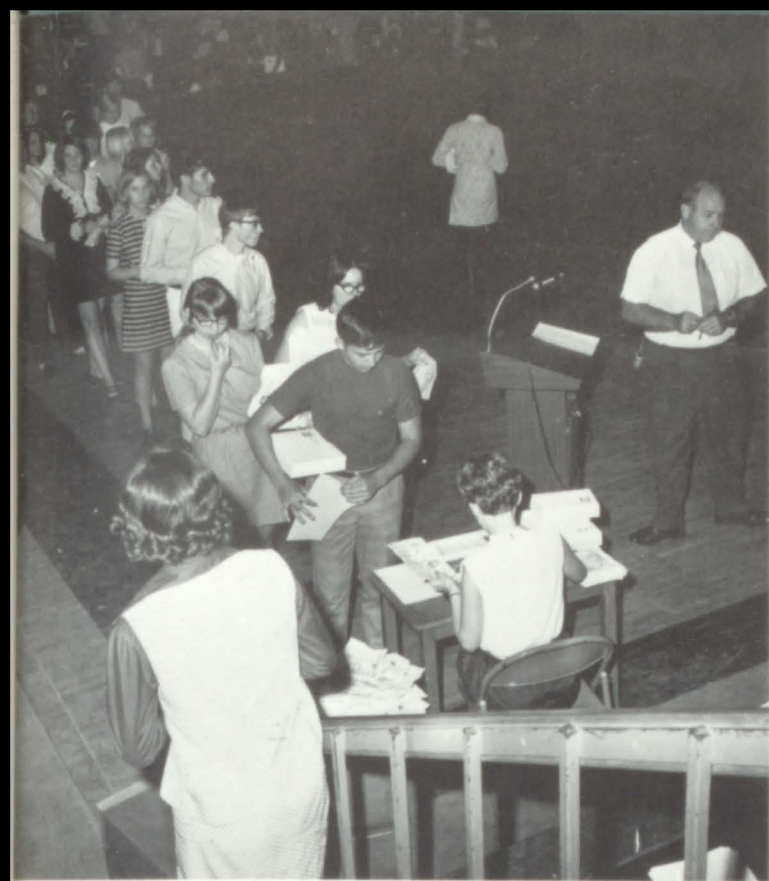

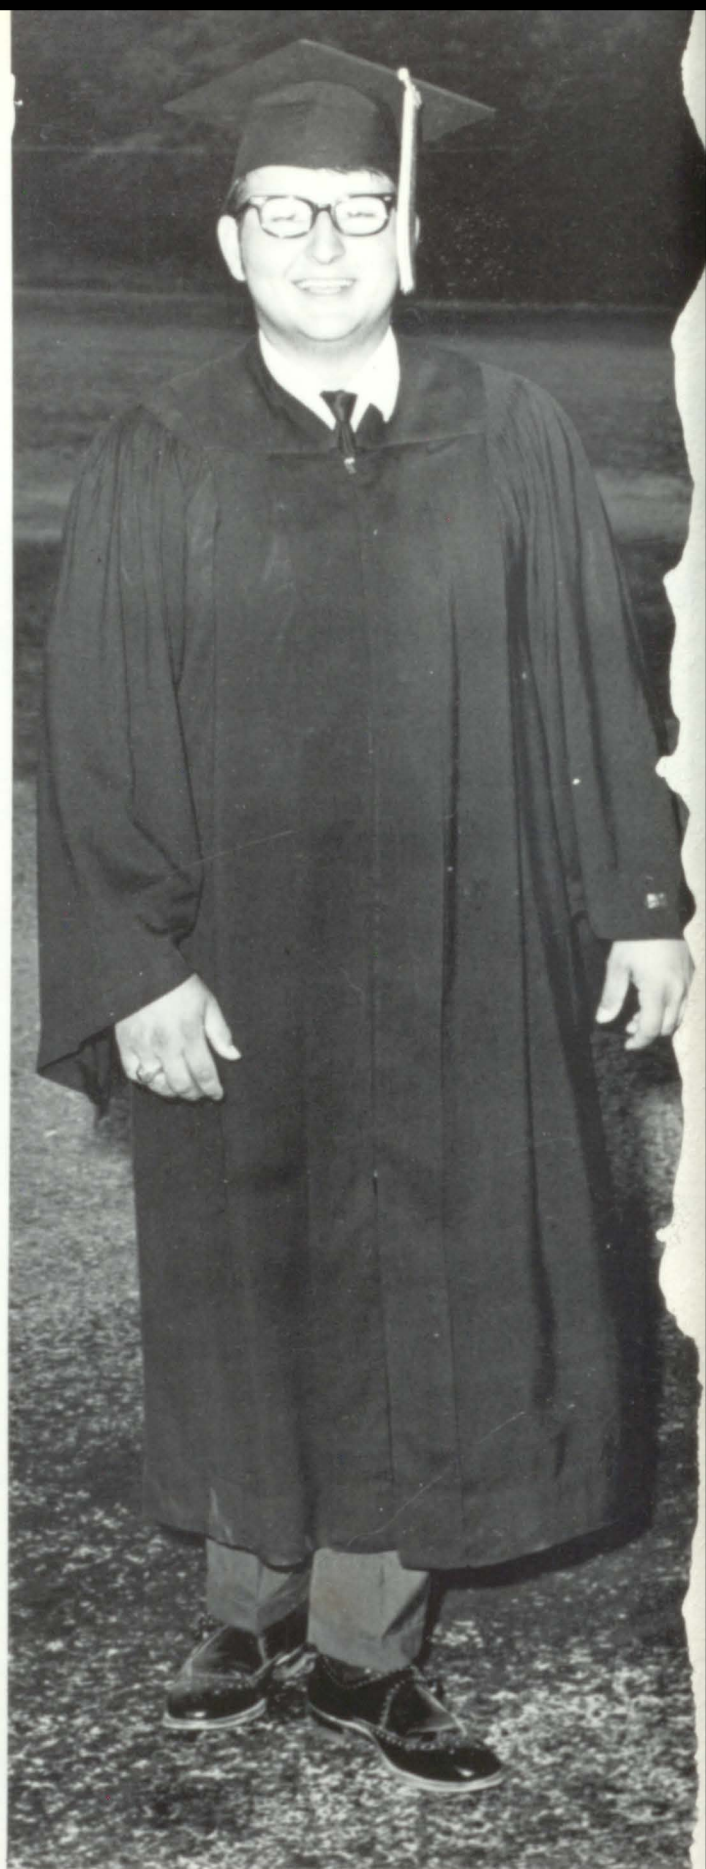

## Preparation for the Big Day

Of all the days the Seniors experienced, Cap and Gown Day and Invitation Day were two of the most anxiously anticipated and the most thoroughly enjoyed. This year was no exception.

Another project sponsored by the club was a concert featuring the "Canterbury Trio." This took place in April.

Also in April the Beta Club sponsored a Blood Drive in which the Red Cross gave us their services. The Blood Drive was very successful. All the members of the Beta Club and The Future Teachers of America were helpful on this day. Another project in which the club raised money this year was to sell stationery. ## The Future Farmers of America

This year there are approximately 205 members in this club. They are divided into two groups. Not only is this club under the direction of two separate teachers, but it is also divided into six week periods in which different phases of vocational agriculture are taken up. A few of these subjects are woodwork, mechanics, electronics, and welding.

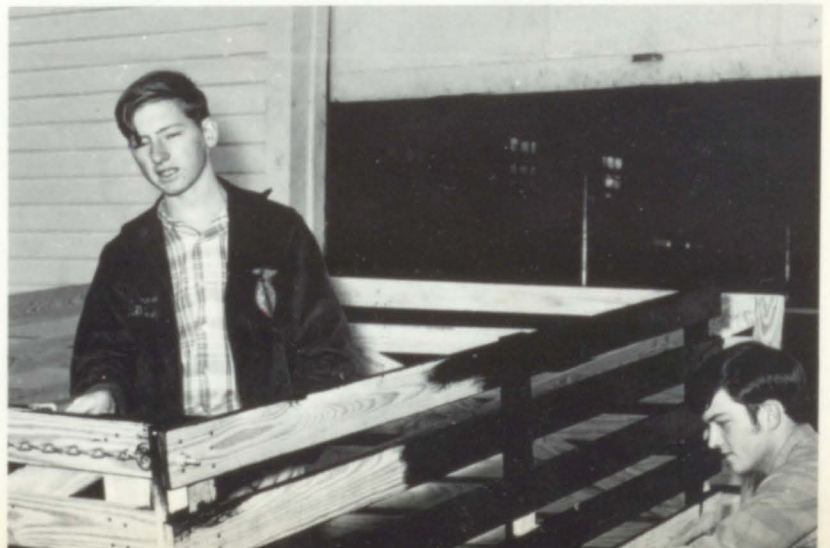

(Top) This is a group in their first year of vocational agriculture. They deal mainly with sheet welding, small engines and concrete work.

This group is under the direction of Mr. King. Each boy has a project which he works on when they are in shop. Also some have home projects.

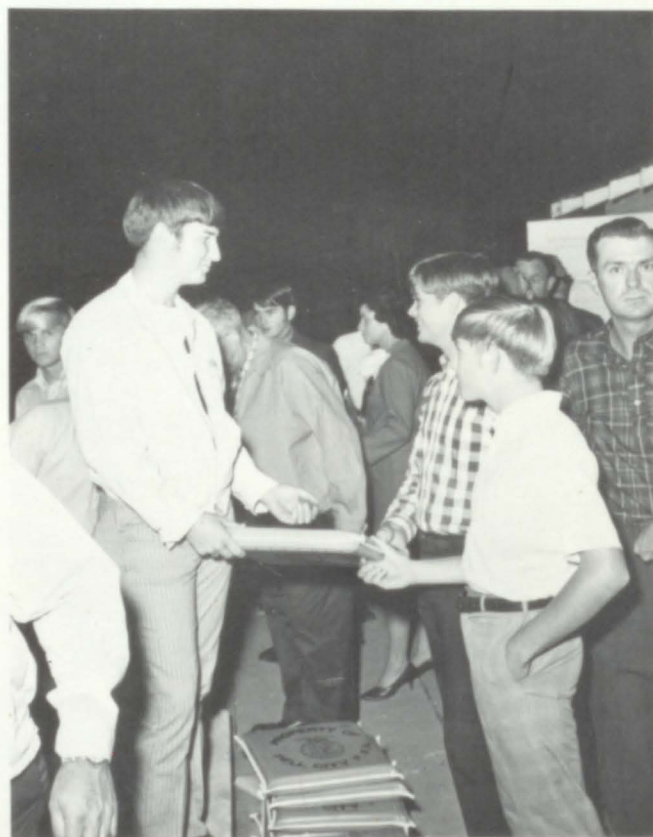

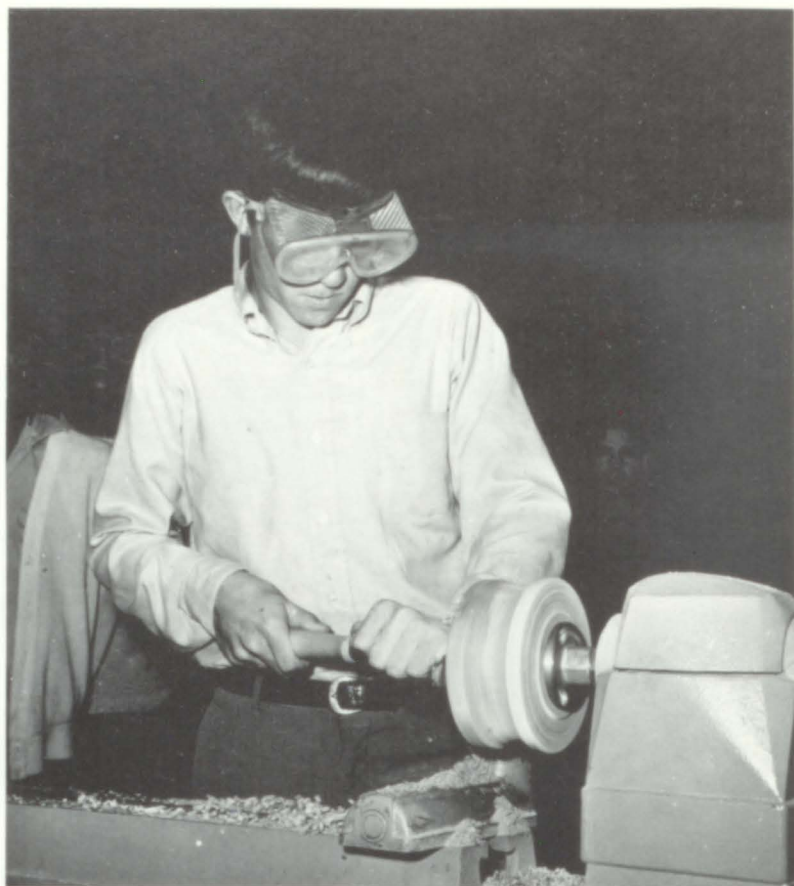

(Top) The officers are: Gary Staples, President; Vice President, Billy Wade; Secretary, Steve Brasher; Treasurer, Sammy Maddox; Reporter, Jack Crump; Mike Gwin, Parliamentarian; Lewis Byers, Sentinel.

The FFA is a self financed group. The members work very hard each year during football season selling peanuts and popcorn. At other times during the year they are busy selling Vocational Agricultural car tags and FFA T-shirts. The money raised each year goes to help buy equipment for the workshop. Also the boys pay for some of the supplies.

These are a few candid shots of some of the members of FFA, doing a few of the things they learn during the year, such as selling cushions, refreshments, and also hobbies in the workshop.

# Sports

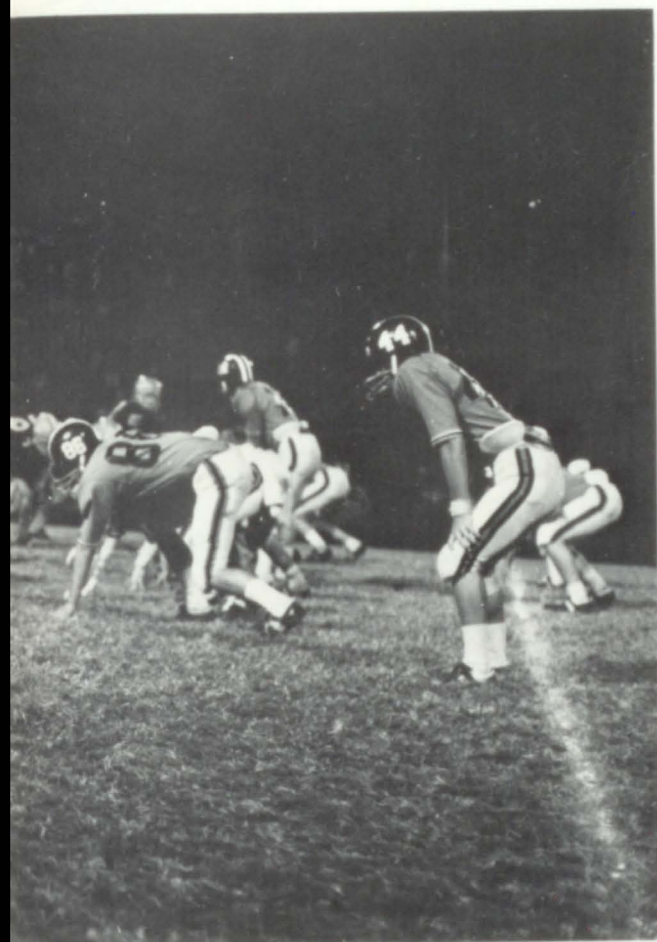

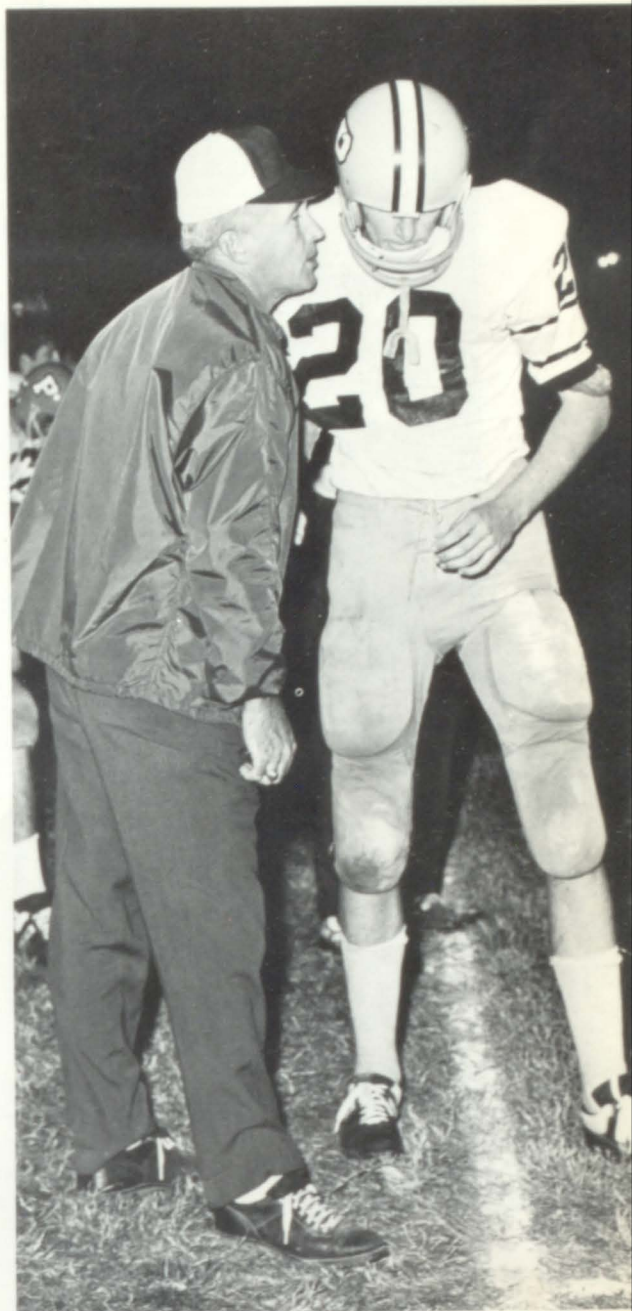

Panthers began their season in a downpour of rain. The first game was chaos. While some people were sitting out under umbrellas trying to watch the game, others were trying to get to their cars without getting drenched.

# Panthers Go to State!!

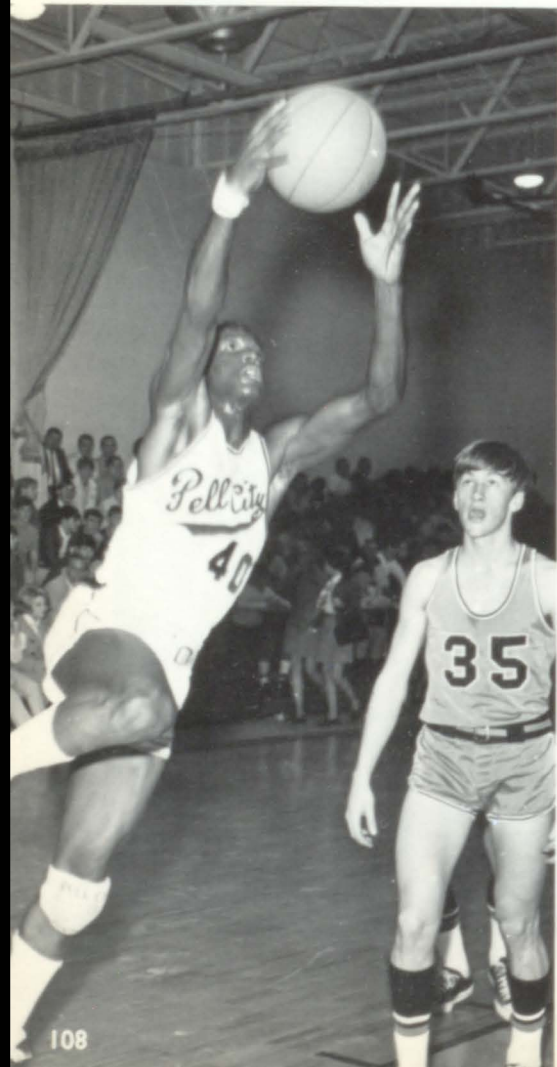

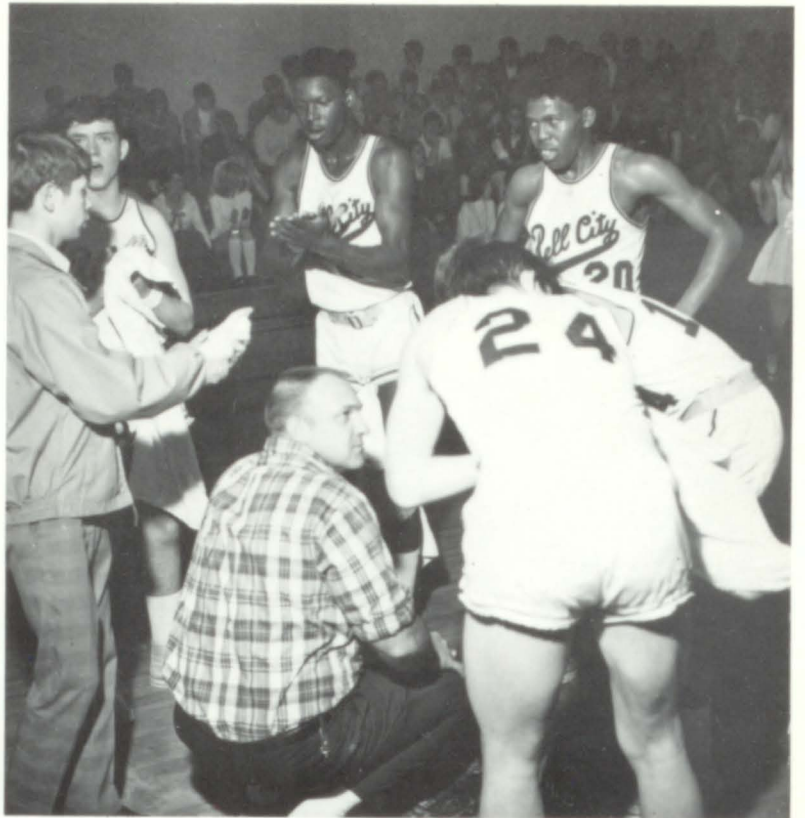

When our basketball team journeyed to Tuscaloosa, most of P. C. journeyed with them. There were three nights filled with excitement, tense anticipation and hot Panther spirit. On the first night, Sylvania went down under the mighty Panthers, and on the next night, Tallassee was also defeated in a thriller of a game. With a great deal of anxiety, P. C. fans greeted Saturday night action with Bibb County. Even though we were defeated that night, our team received a Second place State trophy and two of our players, James Dill and Reginald Peavey were selected to the ALL-STATE TEAM. Next year we anticipate winning not Second but First Place!

The Panther Cubs, under the capable leadership of Coach Pete Rich, had a fine season. Rich's Cubs lost only 7 out of a total of 21 games.

The starting "B" team players were Bobby Waites, Edward Johnson, Ben Hazelwood, Roger Miller, Pinkey Hartley, and Joe Paul Abbott.

Other players were: Jerome Green, Gerry Richey, Steve Knight, Keith Kilgroe, Frederick Shepard, Steve Sutherlin, Johnny Hambry, and Don Allen.

## A Dream Fulfilled

On May 22, 1970, our graduation night, the Seniors of Pell High were honored to have Congressman Bill Nichols from the Fourth Congressional District of Alabama. Through his speech, many of our Seniors were encouraged over Mr. Nichol's views of the American situation in Cambodia.

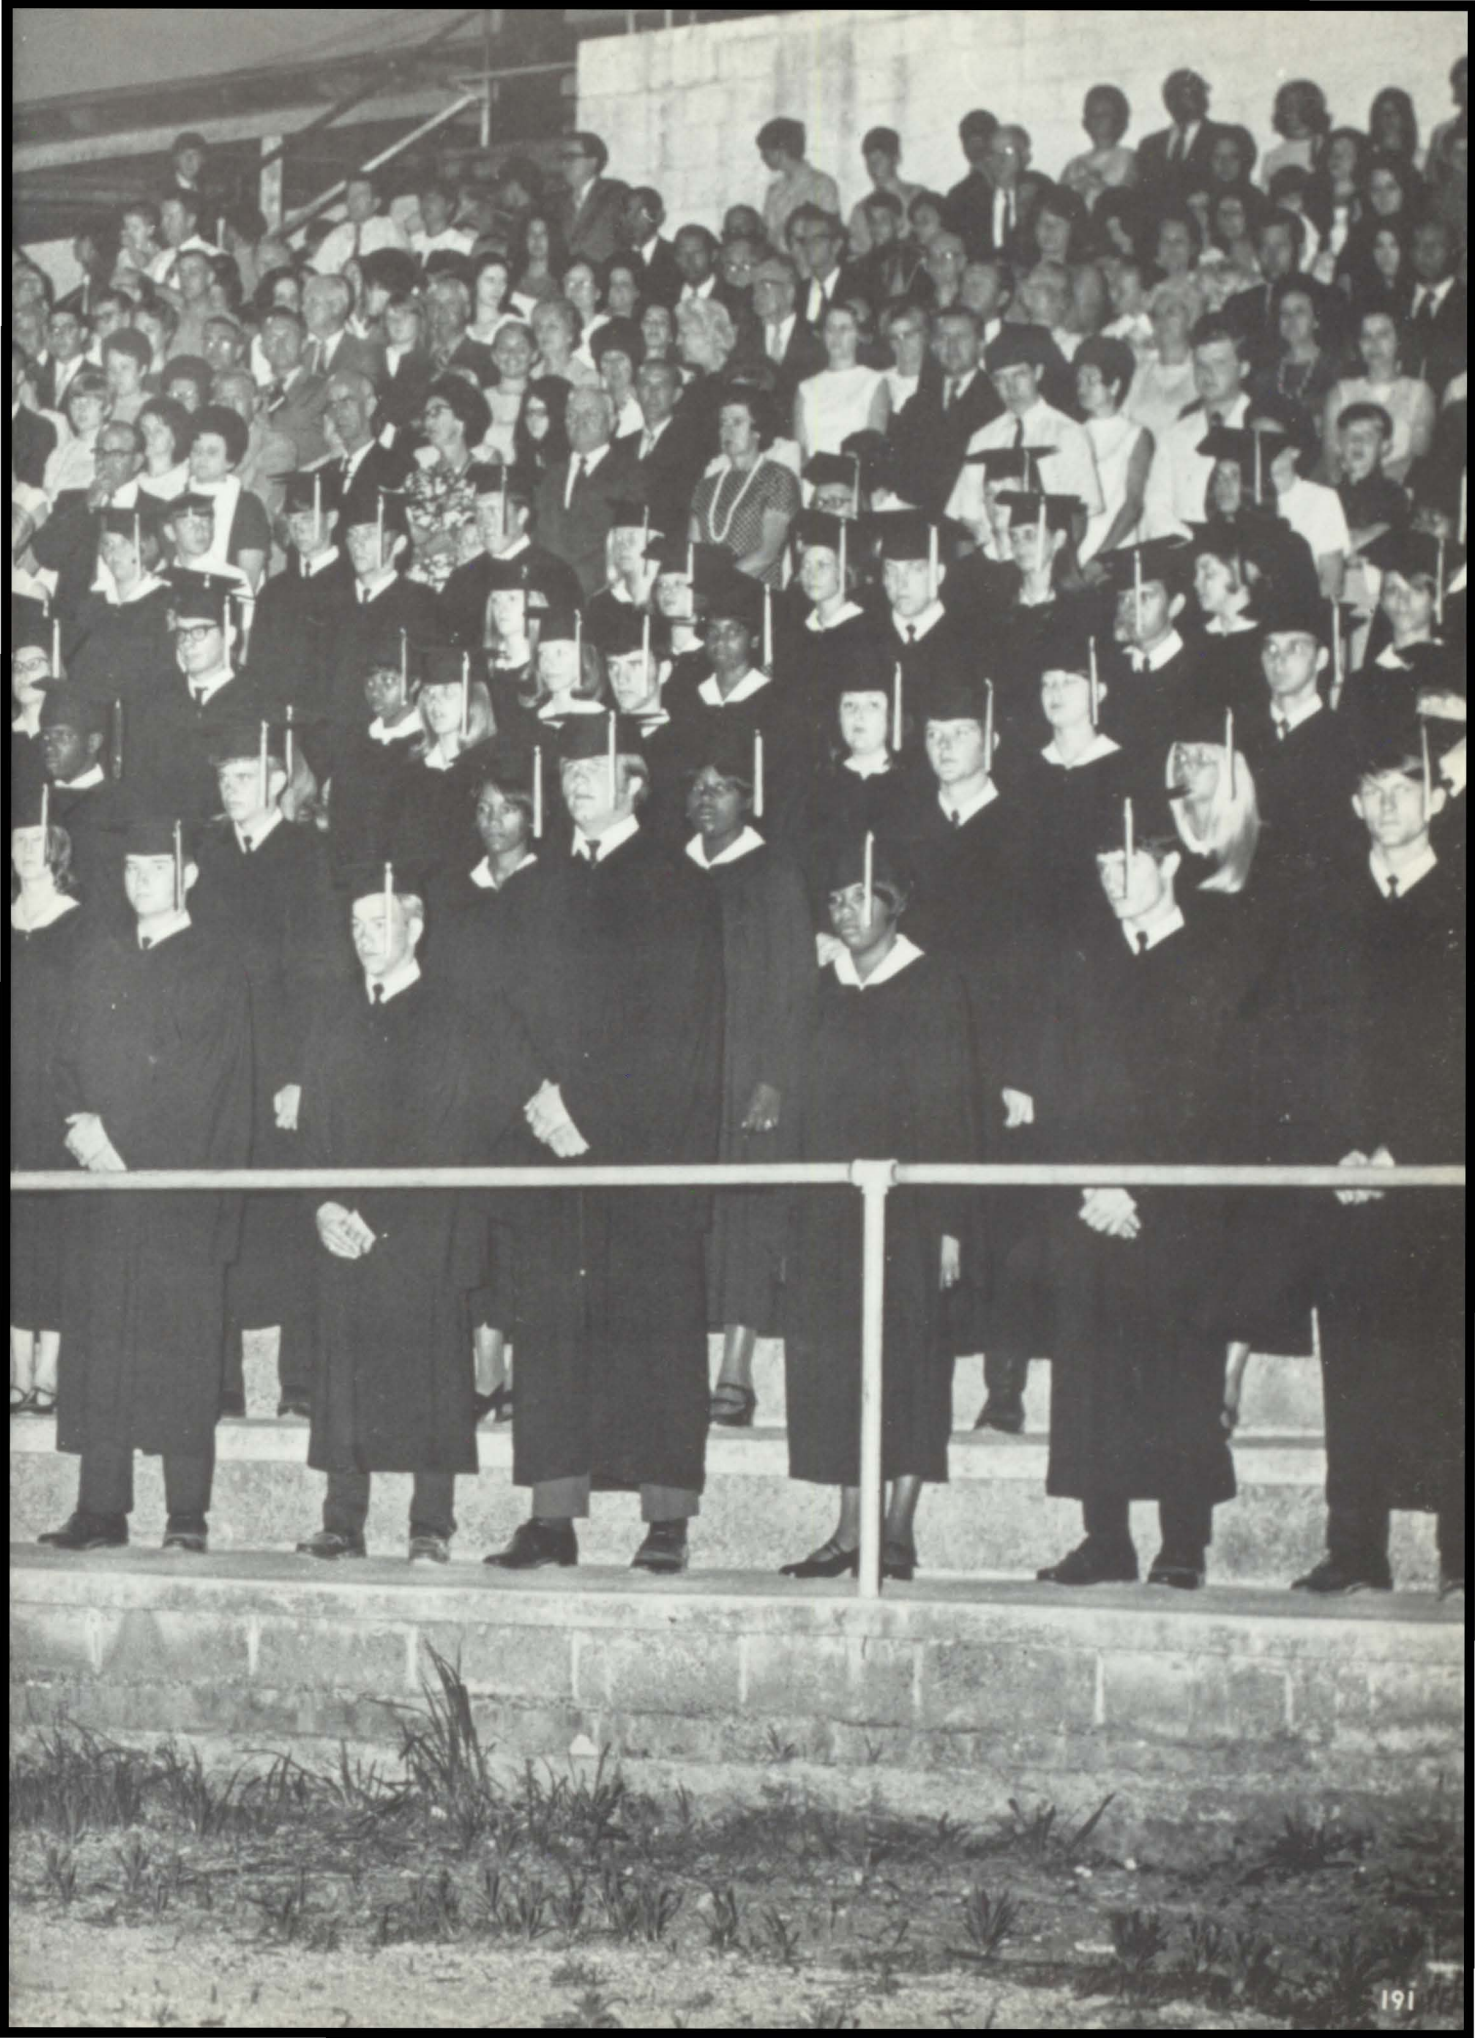

Even though nine out of ten of the graduates tripped up the two little steps to receive their diplomas, this night was a night of joy and happiness for most of the graduating Seniors.

# A Job With Avondale Is A Special Job

(This editorial was written by J. Craig Smith, president of our company, for the Avondale Sun. We believe you will agree that a job with Avondale has much to offer if you are now ready to enter the business world.)

\* \* \*

A job with Avondale is a special job. The people who do these jobs are special people. There is no doubt in my mind as to the accuracy of both of these statements. These are some of the reasons. I list the first three in the order of their importance.

(1) Every member of our Retirement Trust has a vested interest in his or her job. This means that the individual cannot be involuntarily and permanently separated without adequate and provable cause. I am the one who must finally say whether the cause is adequate and provable. We also have an established and workable procedure which permits and encourages any individual who thinks he has been treated unfairly to bring the matter to my attention. It has been my policy in the past, and I will continue in the future, to resolve all reasonable doubt in favor of the individual. We have a degree of job security here second to none.

(2) We have agreed to pay the "going wage" in the industry for each job. After we have paid the going wage and met the other expenses of doing business, we set aside 5 per cent on the stockholders' investment. Anything we earn above 5 per cent, we divide half and half between the company and the members of the Retirement Trust. The part of our profits which has gone to members of the Retirement Trust since our profit-sharing plan started totals \$41,463,039, not counting the profit-sharing distribution which will be made for our year which will end August 31. In most years, this plan has resulted in our individual earnings being higher than those of any other textile employees in the world.

(3) We have a pension plan which provides that those persons who have been with the company twenty continuous years or longer and who are still with the company when they reach age sixty-five can retire on 50 per cent of their ending pay, including basic Social Security and the annuity purchased by our deferred profit-sharing fund. Most hourly paid individuals who retire under this program will get more than 50 per cent. If we can continue to add to our deferred profit-sharing fund, they will get substantially more. As long as the pension plan is in effect, they cannot get less than 50 per cent unless they choose a plan that may make some payment to their beneficiaries or unless they choose early retirement.

(4) We have a vacation-with-pay program which provides that Retirement Trust members with 1 service unit through 3 service units receive 2 per cent of their total earnings as vacation pay. Members with 4 service units through 18 service units receive 4 per cent. Members with 19 or more service units receive 6 per cent. This plan applies to hourly paid personnel only. Those on the salary roll receive an equivalent amount of time off.

(5) Avondale has six paid holidays for members of the Retirement Trust. These are the individual's birthday, July 4, Labor Day, Thanksgiving, Christmas, and New Year's.

(6) Avondale Retirement Trust members receive full pay while serving on a jury, without deduction for the jury pay.

(7) Avondale has a group hospital and surgical insurance policy, a substantial part of the expense of which is paid by the company.

(8) The various mills close at staggered times during the summer so that the largest number of people may use Camp Helen, near Panama City on the Gulf coast. The charge that is made for the use of the camp covers a part of the expense of operation.

Be where your kind of fun is. Never-mind how far out. You've got a Beechcraft.

Take the time that belongs to you. Spend it on yourself, not the highway. Spend it on the lake or the ski slopes. Be at the big game or down on the dunes. Your Beechcraft Musketeer gets you to more good times more often.

Cool it up where the air is clean and fresh. The scenery is sensational. Your trip is comfortable. Uncomplicated. Great.

And fast. You're halfway across the state before the traffic below is out of the suburbs.

The best part is piloting your super-clean new Musketeer Super R with retractable gear. Carries 4 adults and all their stuff, or a family of 6. Ranges 880 miles (plus 45-minute reserve). Cruise speed is 162 mph. And the Musketeer is as easy to buy as it is to fly.

Go on over to your Beechcraft Dealer and see the Musketeer. Four different models - and two of them can be aerobatic. Pick one. Get in it. See what the all-out freedom of a Beechcraft is like.

Then go out to play. Way out.
