FELLOWSHIP AFTER CHURCH

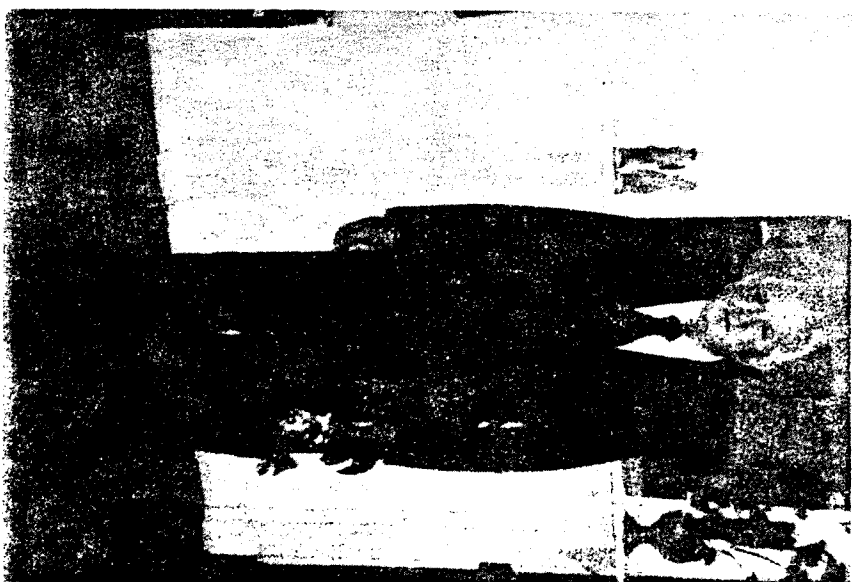

DEDICATION

To all those in the future who will
be truly seeking a church home that is
dedicated to God and works under the
influence of the Holy Spirit.

COMPILER'S NOTE

Our source of information for this history was taken from the following:

1. Our own church minutes
2. St. Clair Baptist Associational Office
3. Memory of past and present members.

Our sincere thanks goes to each of these sources, especially to Mrs. Lydia Gibbs of the Associational Office, for her encouragement and help, without which this history would have never been compiled.

FORWARD

This is a church history of Macedonia #1 Baptist Church from the time of its original organization in the year 1914.

The church is located on top of the church hill in Margaret, Alabama.

Margaret was a coal mining community built in 1908 under the leadership of Charles Debardeleben for the Alabama Fuel and Iron Company. The community was named for the wife of Mr. Debardeleben. Community life centered around the churches, one of which was the Baptist church.

Alabama Fuel and Iron Company closed the mines in 1950, but community life continued, especially in the Baptist church.

At the beginning the church held meetings in the community center. These originated as safety meetings for the miners and evolved into worship services. Finally the group was told they would have to meet elsewhere because the community was going to use the center for Saturday night dances. From there, the group moved to Owens Spring, located behind the Joe Youngman place, for the brush arbor meetings. Later, they moved on top of the hill under the "Old Oak Tree" in the present cemetery, using split logs for pews.

Construction of the first church began in 1914, but services were not held there until 1915. During that same year Macedonia #1 joined the St. Clair Baptist Association. The first church had a very rocky beginning. Its doors were closed for a while due to a lack of interest, in which time the building was used as a barn for storing hay by Joe Youngman. Later, Louis Brown rallied the people into cleaning out the church so they could have mid-week services. After only three years, this church was destroyed by a strong wind in the year 1917.

The second church was built at the end of the same year, using material taken from the ruins of the first church. Its measurements were not quite as large as the previous one. Installed in the steeple of this church was a bell that could be heard all over the mining camp, and it would ring fifteen minutes before time for Sunday School and again at time for services to start. A covered porch with rock bannister and steps going down either side was added, the money being raised with a chicken supper by the W.M.U., under the leadership of its president, Mrs. Jack (Bert) Simmons. This church was destroyed by fire on July 23, 1956, at 4:00 P.M. Lightning struck the very bell that had called the people to worship services for years.

The present and third church to occupy the original spot was dedicated on June 9, 1957. Macedonia #1 was reorganized legally in 1976 with a constitution and set of by-laws. The church has come a long way since 1914. We are a family in Christ who are deeply involved

with and care about each other. We have had our ups and downs, but always came out on top. We have begun to grow to the point that now we have two annexes for additional Sunday School space. We also have two buses serving our community. There are plans in the making for an expansion program due to our growth.

The Lord has really blessed our church, and these sixty-three years are just the beginning of great things to come. There is and will be evidence county wide of "The Little Church on the Hill".

There is always room for others to join with us and be on the move for our Lord Jesus Christ. If you don't have a church, we would love to have you join us at Macedonia #1 Baptist Church.

About Our Pastor

J. Wayne Campbell came to Macedonia #1 in June, 1975. Under his leadership and the foundation laid by previous pastors, with the guidance of the Holy Spirit, our church has really had a period of growth.

He and his wife, Maurene, reside in Tarrant City, Alabama. They have four grown children, all of whom are in the service of our Lord.

Brother Campbell has a vision of things yet to come for the Little Church on the Hill with #1 attached to its name. He is the type pastor who says, "Let's get involved and get the job done." He not only leads our church, but is a worker as well.

Thank God for such a pastor. We love you, Brother Campbell.

The Burning of Our Church

by
Wilma Brown

The mournful sound as it hit the ground,
Made the people stare and wonder, if maybe
It was their fault that caused this awful thunder.
Perhaps! No one knows.
For it was God's house and His surroundings:
God's place, but people's foundings.

The deafening, crackling, still ringing sound
Of the bell from the church's steeple
Was heard as it fell, by the lost,
The Christians, and all the people.

You might have heard it.
The sound was frightening!
As the church burned to the ground.
The cause?
Lightning!
