Dear Jean:

I just wanted to drop you a note and tell you that I am out of the hospital, and I hope you are too!

I am sorry that I could not stop and chat when we bumped into each other at the hospital recently. My "driver" was in a hurry to get me to x-ray and I thought for a minute we weren't even going to stop for the elevator!

As information, I was in for a thorough check on a change in my EKG. However, four days and \$2,000 later, I find everything in good working order! I hope the same is true for you. You looked mighty good to me. Frances and I were both so pleased to have the feeling you are getting along much better.

I know you probably have this picture, but since I have two of them I thought I would share this one with you. That was a great time we had and certainly a great tribute to you personally. Thank goodness for the good old days!

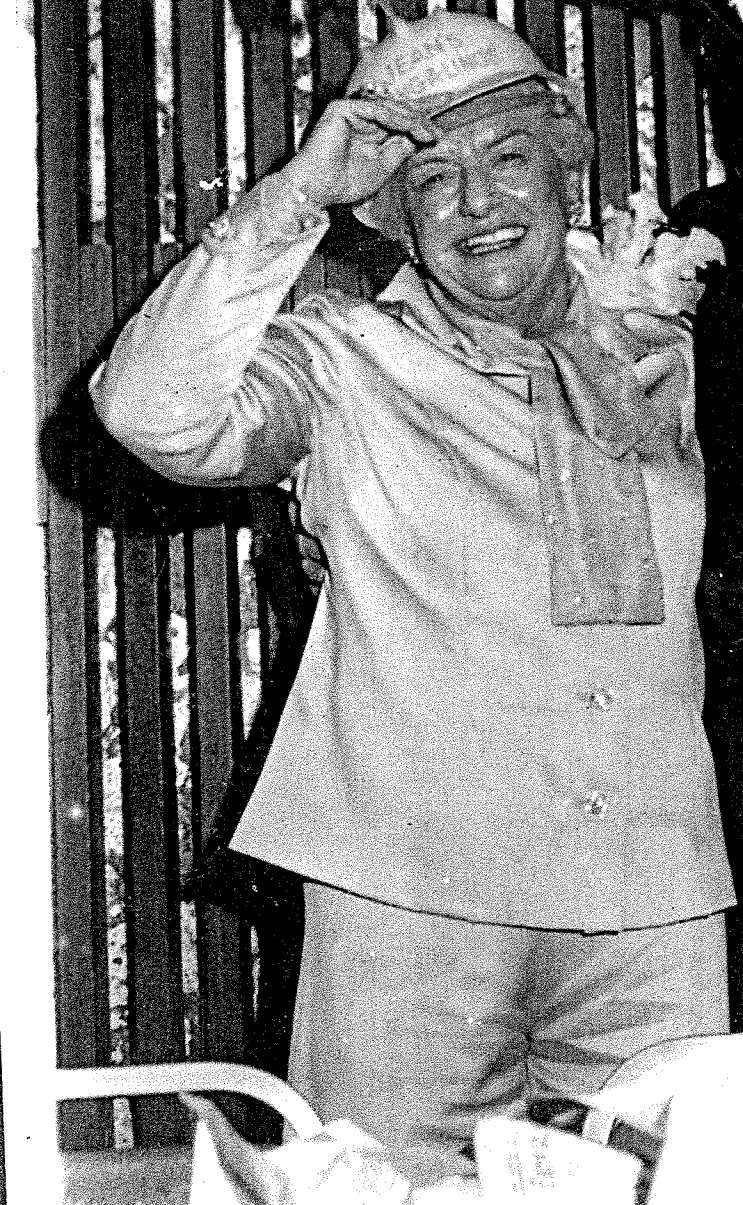

Remember me to Billy.

Cordially,

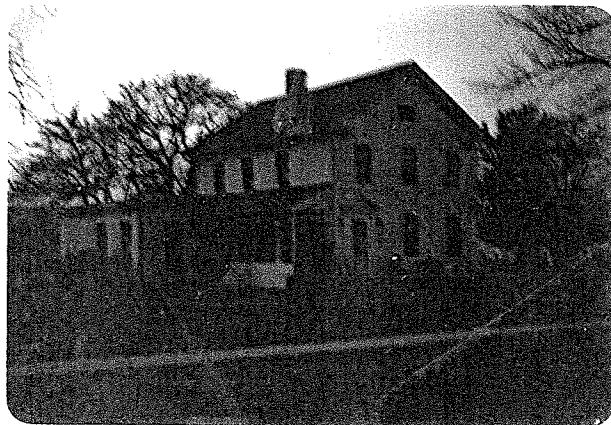

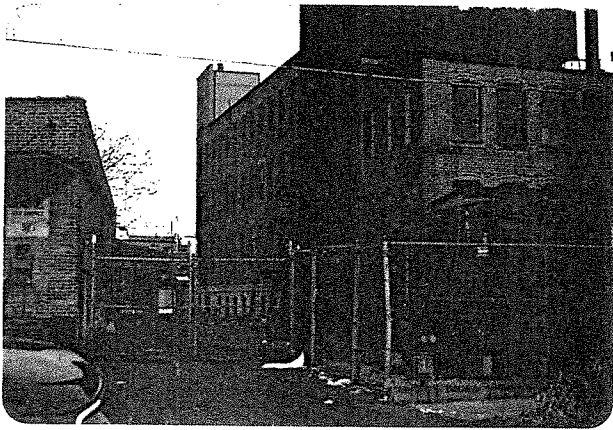

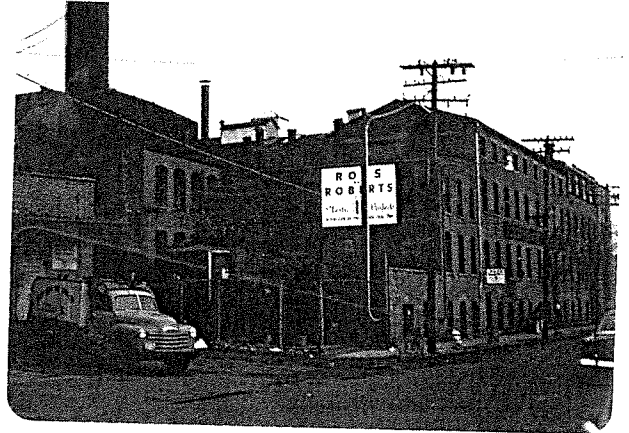

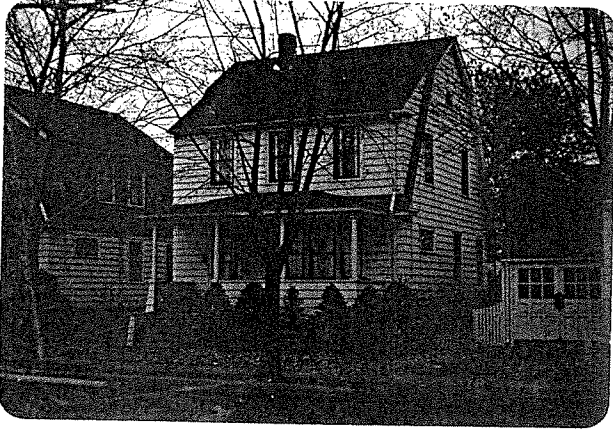

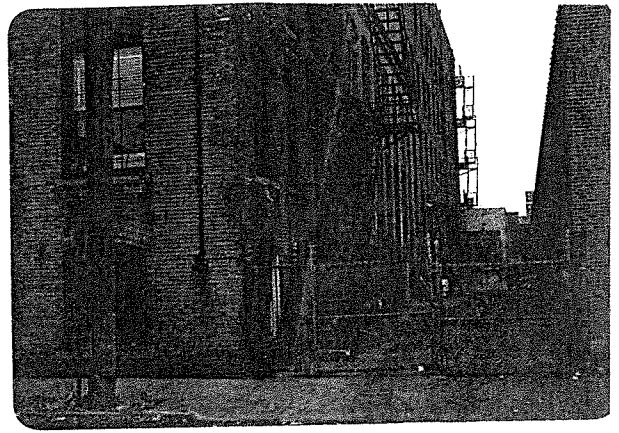

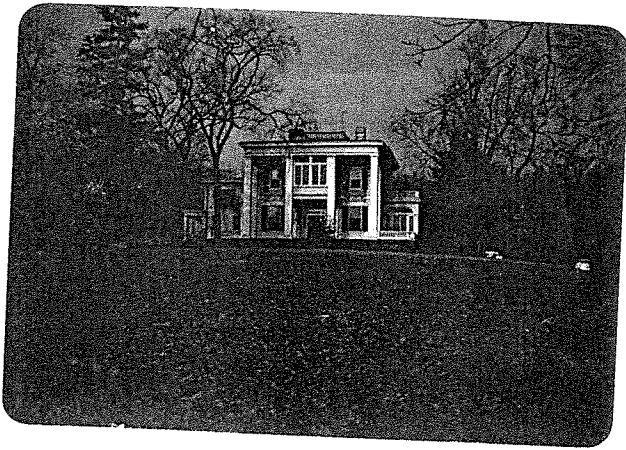

Ben B. Brown
